MULLINARS MELBOURNE STUDIO - HOW TO FIND US.

Below are a few tips to help guide auditionees to our Melbourne studio and save the stress of getting lost before an audition.

Our new Melbourne studio address is;

Level 2, 2B Staley St, Brunswick

Ph: 9696 3111

Our building

Our new studio in relation to Sydney Rd and Barningham St.

Go to the single glass door (see red arrow) and up the stairs, our studio is in the same building as a dance studio, if we're in an audition please take a seat in the waiting area off the dance studios and we'll be with you as soon as possible.

HANDY TIPS

TIP 1 - DON'T TRUST YOUR GPS AND DON'T FORGET THE B.

If you just type in "2b Staley St" or make the mistake of typing "2 Staley St", it's likely to send you to the wrong part of Staley St. We're just opposite where Barningham Road meets Staley St, in the cul de sac end of Staley St.

TIP 2 – OUR NEIGHBOURS

We are in the building next door to The Actors Lab and diagonally opposite a large open air car park. (See below about the car park)

TIP 3 – NEAREST TRAM STOP

There is a tram stop on the corner of Blythe and Sydney Rd, we're a two minute walk from there along Blyth St then turn right into Staley St.

TIP 4 – PARKING AND HOW TO AVOID GETTING TOWED

There is plenty of 1P parking in the adjacent streets.

There is an open air parking area directly opposite our building which is strictly patrolled, it's only for customers of the Mediterranean warehouse and cafe, unless you plan to do some shopping or have a coffee at their café before your audition DO NOT PARK THERE, they will tow you.

TIP 5 – IF THE SINGLE GLASS DOOR ON GROUND LEVEL OR THE DOUBLE DOORS ON LEVEL 2 ARE LOCKED

Option 1 - Check your appointment time and day/date, if you're very early we may have just popped out to grab a coffee and won't be far away. If we're expecting you, we will be there.

Option 2 - If Option 1 doesn't apply someone has accidentally locked the door, please call us and we'll come out and let you in.

If all of the above fails and you're still lost, please call us
